Starved

Slow growth of hair comes from lack of hair food. The hair has no life.

It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness.

The only good hair food you can buy is—

Ayer's Hair Vigor

It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table.

It always restores color to faded or gray hair. Mind, we say "always."

\$1.00 a bottle. All druggists.

"I have found your Hair Vigor to be the best remedy I have ever tried for the hair. My hair was falling out very bad, so I thought I would try a bottle of it. I had used only one bottle, and my hair stopped falling out, and it is now real thick and long."

district, subject to the action of the Repub-
lican party.

says that she will conduct her own
defense. This woman of fame now
spends her time while incarcerated,
in writing articles for magazines.

A suit brought by Mrs. Sarah
Boring against Congressman Vin-
cent Boring for divorce and alim-
ony, was decided Tuesday night,
by special Judge, Waddle. The
divorce was granted and Mrs. Bor-

denied alimony.

In a raid made on a saloon at
Millwood Kansas by masked farm-
ers, Mrs. Letcher, the proprietor
of the saloon was killed. There
seems to be no telling where this
matter will end. It may be as far
reaching as the John Brown raid,
and again it may cause much blood
shed and result in nothing good.

WELL, we were wrong in our
last issue, Mark Hanna, through
his agent, Mr. McKinley, will call
an extra session of Congress to
pass the Ship Subsidy Bill, and
those who contributed so liberally
to the campaign fund with the ex-
pectations of this bill being passed,
will yet be rewarded. Mark is one
of those who don't care for expenses,
as long as the people are footing
the bills. How long! Oh how
long! will this continue? Will this
enlightened people forever tamely
submit to such oppression?

If the idiotic editors of the Bar-
bourville Pathfinder, think that it
is their duty as journalists, to at-
tack Judges and justices; and to
arouse the passions of people of
this State against them, they fall
far short of the duties as editors.
Their issue of February the 14th,
is a disgrace to true journalism; and
such papers as this sheet have
paralyzed enterprise in Eastern
Kentucky; and by their blighting
breath, have created strife and bit-
terness throughout our State; and
caused the mountains to be shun-
ned as a pestilence.

THE DISPATCH—Louisville Dis-
patch is in the hands of a receiver,
and what a pity it didn't get there
sooner! Founded by the people for
the purpose of disseminating pure
democracy through out the country,
it soon fell into the hands of those
who loved money more than prin-
ciple, and sold, soul and body, to
political enemies. Whenever those
who help to found this paper, and
those who helped to support it after
it was founded, learn that it has
turned its toes to the daisies, there
will be great rejoicing among them
to know that one more Judas Is-
cariot has passed from earth. It
has for sometime been a synonym
for deceit, treachery, contempt etc.,
etc. Let us all give thanks when
the demise comes, and pray that
its like may never be seen again
among men.

Gov. BECKHAM Wednesday hon-
ored the requisition of Gov. Dur-

bin, of Indiana, for the return of
that State of John and George
Reeves, charged with murder.
The prisoners, while resisting ex-
tradition, submitted a petition to
Gov. Beckham setting forth that
they would willingly return to In-
diana if they could be exchanged
for fugitives W. S. Taylor and
Charles Finley. The petition was
not considered, and the prisoners
were turned over to the Indiana
officers last night. In surrender-
ing them Constable Harrod ignor-
ed a writ of habeas corpus that
had been sued out by the prison-
ers' attorney. Turn about, fair
play. Now what will Gov. Durbin
do with the requisition from Gov.
Beckham for Taylor and Finley?

The above cut represents an im-
proved vehicle wheel attachment
on which D. C. Poynter, of this
place, secured Letters Patent
No. 655733, dated August 14th,
1900.
The improvement consists of a
combined metal socket and open
mortise for receiving end of spoke
and the ends of the fellys by which
means the fellys are held rigidly
to their places and prevents their
being displaced even where the
tires have not been cut for a long
period. The ends of the fellys
cannot split, as is too often the
case when the fellys are joined in
the old way, with dowel pins. By
the use of this invention the tire
cannot flatten over the end of the
spokes as it now occurs in the old
pattern wheels.
This improvement overcomes the
common trouble of loose tires in
warm weather, these metal pieces
expanding and contracting in the
same manner as the tire, will keep
it always in the same relation to
the rim or fellys of the wheel.
The felly joint, with this im-
provement, being at the end of a
spoke, and not between the spokes,
as they are, where this invention is
not used, this point is made as
strong as any part of the rim, and
by means of a bolt, if desired,
through the felly and metal tip, the
rim is made as solid and as strong
as if the rim had no joints at all.

CURED MENSTRUAL TROUBLE AND DROPSY.
A few weeks before our second child was born, three
years ago, I was afflicted with dropsy very bad. We had
two good doctors with her but she was not relieved. Her
mind became affected and we sent her to the asylum at
Bolivar, Tenn., and at the end of four months we brought
her home sound and well. But last summer, just before
our third child was born, the dropsy again appeared
and we were very uneasy about her. We gave her G. F. P. (Gerstle's Female
Panacea) and I am glad to say the dropsy disappeared and she is sound and well, and
has a fine, healthy baby boy.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Cham- berlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well, if Cham- berlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheu- matism." Sold by Theo Wesley Druggist.

R. G. Hale, cashier of the Somerset National Bank, is to answer next Monday before the Federal Court at Louisville, for embezzlement. If thieves, pistol "roters" and whisky sellers were prosecuted much more vigorously this county would be far better off.

The debate at Burnett's chapel, Pulaski county, last week, between Revs. Davis, of the Christian church, and McNamaree, of the Methodist church, lasted about three days and closed, we are told, with each fellow believing he had the better of the argument.

MISTAKE.—In printing the county claims two weeks ago, we make a mistake on two allowances, which we now desire to correct. Dr. R. H. Lewis allowed for waiting on Sparks' family \$25 instead of \$2.50. Same for waiting on Clouse's family \$150, instead of \$1.50 as we had it appear.

C. C. Fish has purchased from the Spradlin heirs, their interest in the old Fish farm, consisting of nearly 100 acres for \$1,000. By this deal, we hope that that interest which they have always displayed towards Rockcastle and its people, will not be lessened in the least. For their friends and fond admirers in Rockcastle are many and are always glad to see them return to their first love, although their stay be short.

So far this has been one of the most unhealthy winters ever known in this county. The weather has not been cold, but on the contrary warm, for winter, and for some reason we can't explain the sickle of death has reaped a harvest—a harvest too, of many who had only entered the race for life, and whose prospects for the future were unusually bright and promising. How true the scripture which says, "Man born of woman is of few days and full of trouble."

In the Mounce case against the L. & N. R. R. Co., for damages for the killing of Wm. Mounce, in the Livingston yards over a year ago, the Court, after hearing testimony for three days, gave peremptory instruction to find for defendant. Motion and grounds for a new trial were filed by attorneys Harding & Rawlings, of Danville, and Williams & Williams, who represented the plaintiff. Judge Morrow, after able arguments on both sides, took the question under advisement.

Squire J. N. Brown took to the Masonic Orphan's Home Saturday, the 13-year-old daughter and the 9-year-old son of the late C. D. Burnett. As a charitable institution, the Masonic Order unquestionably, stands among the greatest in our land. While we are not a Mason, yet we never hesitate, when an opportunity presents itself, to sing the praise of this, the grandest of all organizations created and established by and among men. May the Masonic Order ever live and continue to grow stronger in the land.

WANTED! An intelligent man to interview ex-soldiers and gather statistics. A member of the G. A. R. or VETERAN's son preferred. Good pay and permanent employment. ADDRESS: U. S. A., No. 334 C St. N. W., WASHINGTON, D. C.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are killing graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Theodor's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."
